Reason there are fewer than three comparable properties

X	**I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There are currently no directly comparable properties with the same combination of key features that have sold within the past six months and fall within the advertised price range. In particular, we have been unable to identify any recent sales that closely match the subject property in terms of four bedrooms, four bathrooms, and a four-car garage, while also being within the relevant price bracket. These features collectively represent a relatively specific property profile, and therefore the pool of genuinely comparable sales is limited.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
