Reason there are fewer than three comparable properties

X	**I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There are fewer than three comparable sales available for the price per square metre (PPS) assessment of the car park due to the limited availability of comparable car park sales online. As car parks are not commonly advertised as standalone properties on online platforms, there is insufficient market evidence to identify three directly comparable properties. Therefore, the assessment has been based on the limited available information.
